

# Dexter Finger Sizer:

To use our Ring Sizer, follow these steps :

- 1) Select **Print**.
- 2) **IMPORTANT:** in 'Page Handling' ensure 'Page Scaling' is set to 'None' or on older browsers: 'Fit to Page' options are un-checked on the print command screen. **i.e.** so the page is printed at 100%. **Check Print Size** – Line below must measure 5cm.

- 3) Cut out the sizer.
- 4) Make a slot in the sizer by cutting along the dotted line.
- 5) Roll the sizer into a circle with the numbers on the outside.
- 6) Insert the end of the tab into the slot. **Figure A**
- 7) Place the sizer around your finger and pull the tab through the slot until the paper is snug around your finger.
- 8) Read your Dexter Finger Size on the scale.

**ALTERNATIVE METHOD:** Take a piece of good quality (non stretchy) string or wire, wrap it firmly around your finger, and measure the length in mm – As simple as that!

**Figure A**

In this example, the ring size is **dxf-117**

In this example, the ring size is **dxf-116 ½**
